INDEX TO VOLUME 25, 1982

AUTHORS

AKINNASO, F. Niyi. On the differences between spoken and written language 97
ALFONSO, Peter J. Dynamics of vowel articulation 151
BAER, Thomas (see ALFONSO, Peter J.) 151
BELL-BERTI, Fredericka (see COLLIER, René) 305
BOYCE, Suzanne (see MENN, Lise) 341
BUCKINGHAM, H.W., Jr. (see GANDOUR, J.) 127
CLARK, Lorene E. Sign recognition processes in American sign language: The effect of context 325
COLLIER, René. Some acoustic and physiological observations on diphthongs 305
CORSON, David J. The Graeco-Latin (G–L) instrument: A new measure of semantic complexity in oral and written English 1
DARDARANANDA, R. (see GANDOUR, J.) 127
DECHOVITZ, David R. (see RAKERD, Brad) 267
DUEZ, Danielle. Silent and non-silent pauses in three speech styles 11
EADY, Stephen J. Differences in the F_0 patterns of speech: Tone language versus stress language 29
EBLEN, Roy E. A study of the acquisition of fricatives by three-year-old children learning Mexican Spanish 201
ELIO, Renée. Deep-structure syntactic relations: To-be-retrieved information and retrieval cues in prompted sentence recall 221
GANDOUR, J. Case study of a Thai transcortical motor aphasic 127
Perception of syntactic stress in alaryngeal speech 299
GROSJEAN, François (see CLARK, Lorene E.) 325
HEALY, Alice F. (see ELIO, Renée) 221
KLEPPER, Brian R. (see SCHOLES, Robert J.) 55
KOSOWSKY, A. (see GANDOUR, J.) 299
KUWABARA, Hisao. Perception of CV-syllables isolated from Japanese connected speech ... 175
LEVIN, Harry. The prosodic and paralinguistic features of reading and telling stories 43
LUNDELL, Torborg Louisa (see MULAC, Anthony) 243
MENDEZ, Antonio. Production of American English and Spanish vowels 191
MENN, Lise. Fundamental frequency and discourse structure 341
MULAC, Anthony. An empirical test of the gender-linked language effect in a public speaking setting 243
NOWACZYK, Ronald H. Sex-related differences in the color lexicon 257
NWOKAH, Evangeline E. "Once upon a time" – Aspects of story-telling in normal and retarded children 293
PRINZ, Philip M. (see SLEIGHT, Christine C.) 75
RAGSDALE, J. Donald. Distribution of kinesic hesitation phenomena in spontaneous speech 185
RAKERD, Brad. An effect of sentence finality on the phonetic significance of silence... ... 267
RAPHAEL, Lawrence J. (see COLLIER, René) 305
SCHAFFER, Carole A. (see LEVIN, Harry) 43
SCHOLES, Robert J. The comprehension of double-object constructions in psycholinguistics and neurolinguistics 55
SHERRARD, C.A. "Auditory feedback" or "sidetone"? The effects on speech production and intelligibility of auditory stimulation from the larynx 283
SHILLCOCK, Richard. The on-line resolution of pronominal anaphora 385
SILVIA, Catherine Fry (see RAGSDALE, J. Donald) 185

SLEIGHT, Christine C. Children's color vocabulary 75
SNOW, Catherine (see **LEVIN**, Harry) 43
VERBRUGGE, R. (see **RAKERD**, Brad) 267
VIBULSRETH, S. (see **GANDOUR**, J.) 127
WEINBERG, Bernd (see **GANDOUR**, J.) 299
YOUNG, G.M. The elaborated code: A new formulation within a functional framework ... 81

PAPERS

"Auditory feedback" or "sidetone"? The effects on speech production and intelligibility of auditory stimulation from the larynx. C.A. Sherrard 283
Case study of a Thai transcortical motor aphasic. J. Gandour, R. Dardarananda, S. Vibulsreth and H.W. Buckingham, Jr. 127
Children's color vocabulary. Christine C. Sleight and Philip M. Prinz 75
Comprehension of double-object constructions in psycholinguistics and neurolinguistics. Robert J. Scholes and Brian R. Klepper 55
Deep-structure syntactic relations: To-be-retrieved information and retrieval cues in prompted sentence recall. Renée Elio and Alice F. Healy 221
Differences in the F_0 patterns of speech: Tone language versus stress language. Stephen J. Eady 29
Distribution of kinesic hesitation phenomena in spontaneous speech. J. Donald Ragsdale and Catherine Fry Silvia 185
Dynamics of vowel articulation. Peter J. Alfonso and Thomas Baer 151
Effect of sentence finality on the phonetic significance of silence. Brad Rakerd, David R. Dechovitz and Robert R. Verbrugge 267
Elaborated code: A new formulation within a functional framework. G.M. Young 81
Empirical test of the gender-linked language effect in a public speaking setting. Anthony Mulac and Torborg Louisa Lundel 243
Fundamental frequency and discourse structure. Lise Menn and Suzanne Boyce 341
Graeco-Latin (G–L) instrument: A new measure of semantic complexity in oral and written English. David J. Corson 1
"Once upon a time" – Aspects of story-telling in normal and retarded children. Evangeline E. Nwokah 293
On-line resolution of pronominal anaphora. Richard Shillcock 385
On the differences between spoken and written language. F. Niyi Akinnaso 97
Perception of CV-syllables isolated from Japanese connected speech. Hisao Kuwabara ... 175
Perception of syntactic stress in alaryngeal speech. Jack Gandour, Bernd Weinberg and A. Kosowsky 299
Production of American English and Spanish vowels. Antonio Mendez 191
Prosodic and paralinguistic features of reading and telling stories. Harry Levin, Carole A. Schaffer and Catherine Snow 43
Sex-related differences in the color lexicon. Ronald H. Nowaczyk 257
Sign recognition processes in American sign language: The effect of context. Lorene E. Clark and François Grosjean 325
Silent and non-silent pauses in three speech styles. Danielle Duez 11
Some acoustic and physiological observations on diphthongs. René Collier, Fredericka Bell-Berti and Lawrence J. Raphael 305
Study of the acquisition of fricatives by three-year-old children learning Mexican Spanish. Roy E. Eblen 201
